

# THE "PRUDENT MAN" WILL BE WARE OF SMOOTH STRANGERS WITH NICE SEEMING SCHEMES

If all of these schemes which "Smooth" strangers come around to peddle are such great "Money Makers" why don't they KEEP them themselves?

When a man is trying hard to sell you a proposition there is something in it for HIM—that's a sure thing.

Is it not better for us all to keep our money here at home, invest in and build up OUR OWN Community?

The man who does this is prosperous. We pay 4 per cent. interest on Savings.

## CRIMINAL COURT HAS CONCLUDED SESSION

LAST JURY CASES COMPLETED YESTERDAY

## NO COURT MONDAY

Judge Prince Will Tuesday Take Up Hearing of Large Number Of Appeal Cases

(From Sunday's Daily.) Following a three week's session of the criminal court for Anderson County, Judge Prince yesterday announced at noon that the court would adjourn. He instructed Clerk of Court James N. Pearman to formally open court Monday morning at 10 o'clock and then adjourn. As the Judge will not be in the city, he will return to Anderson in time to take the bench Tuesday morning and will begin hearing the many appeal cases on the docket.

Yesterday's business in the court consisted entirely of hearing pleas of guilty and imposing sentences and no jury cases were heard. The following is a record of the day's proceedings: Jim Derrick was found guilty of selling liquor and was fined \$200 or a sentence of six months. Upon the payment of \$100 of this fine the defendant will be released and the sentence suspended until the first day of the next term of court.

Berry Carter was found guilty of selling liquor and he was sentenced by Judge Prince to pay a fine of \$100 or serve a term of six months in jail.

Frank Williams tried for murder, and found guilty of manslaughter was sentenced to three years of hard labor.

Ryon Cox, found guilty of assault and battery with intent to kill, was fined \$100 and given a term of six months at hard labor. Upon the payment of his fine, the defendant's term in jail will be suspended during good behavior.

## ANDERSON DIRT SOLD YESTERDAY

Mrs. Martin Seligman Acquired Business Property on Main St. For Sum of \$8,000

(From Sunday's Daily.) Deals in dirt in Anderson involving large sums are becoming an everyday affair here. Friday a deal was consummated for some Main street property at a very considerable figure and yesterday G. H. Bales sold to Mrs. Martin Seligman a lot on South Main street facing 21 feet and running back 94 feet. The consideration is said to have been \$8,000 and the deal was put through by the Anderson Real Estate and Investment Company.

This was the piece of property purchased Friday from P. E. Clinkscates and W. F. Mauldin by Mr. Bales. The latter had already owned an interest in the site for some time. The agreement going with the sale yesterday was to the effect that Mrs. Seligman is to make improvements on the place, erecting a handsome business building thereon and having it completed not later than January 1 of 1915.

## MANY EXCURSIONS BEING PLANNED

Piedmont & Northern Will Run Special Trains for Several Trips Through Mountains

(From Sunday's Daily.) People living in this section of the country will be interested in learning that the Piedmont & Northern Lines will shortly begin operating excursion trains for one day and for week-end trips to the mountains and other points. One excursion has already been run this season from Anderson to Alta Pass and the public took to the idea with a right good will, a large number making the trip. The other excursions will likewise draw well. The company is planning an excursion to Johnson City, Tenn., June 25, when exceptionally low rates are to be offered. In July another excursion is being planned to Atlanta and it is likely this trip will attract large numbers also.

There will be a number of small excursions, confined to the interurban lines. Next Tuesday the Methodist Sunday school of Anderson will go to Williamston. It is believed that at least 500 passengers will be cared for upon this trip. The Baptist Sunday school of Spartanburg will go to Chick Springs some time next week, the exact date not having been given out as yet.

Next Thursday night the road is expected to handle large crowds to Chick Springs when the U. T. C. dance occurs at that place. There will be several extra cars pressed into service at this time.

No special summer rates to Chick Springs, Williamston and other points have been announced as yet, though it is highly likely that low rates will be given out later. No idea as to what reductions in the round-trip fares has been given, though the lines will make the rates sufficiently attractive to keep the passenger traffic of the road high during the hot weather.

INDIA OFFERS FOUND IN JUNGLE.

Chief J. Campbell Bessley, an English explorer who had just returned

## Rheumatic Cripple Cured.

Mr. Frank H. Rogers, of Monmouth, Ill., writes: "I take pleasure in highly recommending Dr. Jones' Liniment. A year ago I was obliged to use crutches, having been crippled with rheumatism. Doctors failed to help me. Various remedies did no good. I used several bottles of Dr. Jones' Liniment and recovered so fully that I went back to my old job of firing a locomotive. Dr. Jones' Liniment is also excellent for neuralgia."

Here is a man who suffered great pain, and was unable to work, which would discourage most anybody. How many men and women are there, who finding no relief after trying two or three remedies give up in despair, and make life unpleasant for themselves and those around them? Such was not the case with Mr. Rogers. He kept on trying until he finally got the right medicine and was cured.

Dr. Jones' Liniment will do the same for you. Sold by Evans' Pharmacy Company, Friserson's Pharmacy, Belton and all Druggists.

ed from the cart of the jungles near the headwaters of the Amazon River, tell of finding three Inca cities, abandoned ten or twenty thousand years ago, but with evidences of marvelous architectural skill and with wonderful utensils and weapons made of an alloy of gold and silver. Stone gates weighing thousands of tons, with fortifications rising tier or tier above the waters of the river, told the story of a prehistoric city of impregnable strength. A road was found six feet wide, built through the heart of the jungle, fifteen hundred miles in length, and in almost an good condition as when it was first laid out, unknown thousands of years ago.—Epworth Herald.

## GREAT MEETING AT ORRVILLE CHURCH

Revival Services Are Accomplishing Great Good In Anderson

(From Sunday's Daily.)

The meeting at the Orrville Methodist church, is well on its feet. Mr. McCord, of Georgia, is doing a fine preaching. He is reaching some of the hard cases of the community. Each night there are many to remain at the altar long after the congregation is dismissed. Several bright young men, have given their hearts to the Lord. There will be three services today. The Sunday school will meet at usual hours. The afternoon "Men's class" will meet with the morning school. Rev. McCord will preach at 11:15 in the morning, and at 3:30 and 8:00 o'clock in the afternoon and evening.

Song services will begin thirty minutes earlier.

Everybody is invited. Come early if you desire a seat. We expect every pew to be filled before the preaching hour arrives. We ask the earnest prayers of every servant of the true and living God. There will also be services at the Toxaway Methodist church both morning and evening, at the usual hours. Sun day school in the afternoon. The pastor will not be at Toxaway, on account of the Orrville meeting, but will have a different man to hold each service. These men are God's servants and will prove a blessing to every one who attends these services.

They are men from the city, no preachers, but men who can and do often preach both by precept and example. They will be able to tell you and also show you what a "Layman" can and should do. Everybody is cordially invited to meet with us in these services. This is a part of our program, to have services in every village on the Orrville charge every Sunday. We are also trying to get out of competition with our Baptist brethren. We worship with them on their preaching days and invite them to worship with us on ours. Services at Orrville, Toxaway, and Gluck every Sabbath. From now on.

W. T. B. Pastor.

## Blood Is the Life

Purify the blood, cleanse it of all toxic and waste matter, and every nerve will be better, very much more pliant and stronger. Pure blood is essential to good health.

## MRS. JOE PERSON'S REMEDY

has met an unquestioned success in all disorders due to poor blood. It cleanses and enriches the life blood and thus prepares the way for perfect health. Your neighbors have used it for forty years and they testify to its strength, purity, and quality. It is the most efficient for its purpose.

"It has strengthened up my system and built up my general health. I find it a fine family remedy to keep in the house for the complaints of the children."—Mrs. M. Ed Rheinhardt, Iron Station, N. C.

For all blood taints, for all constitutional weaknesses, Mrs. Joe Person's Remedy has proved itself very helpful. Your druggist can supply you. If he doesn't get it for you write the

REMEDY SALES CORPORATION, Charlotte, N. C.

including one dollar, and they will send it with full directions.

Mrs. Joe Person's Remedy should be used in conjunction with the Remedy for a skin disease and the Relief of Painful and Coughing Croup. It is especially valuable for women, and should also be used by men.

## RULES CANDIDATES WILL HAVE TO OBEY

IN APPROACHING MUNICIPAL ELECTION HERE

## THE REGULATIONS BUT FEW CHANGES

Strict Requirements For Candidates For Offices of Alderman and Mayor of Anderson

Much interest is being manifested in Anderson over the approaching municipal election and both candidates and voters are much exercised over the close approach of June 16. The election is to be held on that day and after that time there will be several new faces seen at the city hall and on the city's various boards.

In order that prospective candidates may refresh their memories on the requirements for qualification, section seven of the rules adopted by the committee is here presented:

"All candidates for any of said offices shall, on or before 12 o'clock, noon, on Tuesday, June 2, 1914, file a written pledge with the chairman of said executive committee to the effect that he will abide by the results of said election and also pay his assessment as fixed by said committee; and only such persons as comply herewith shall be permitted to be candidates in said primary. Provided, that after the time for filing said pledges and before the close of either of said elections, should any candidate file it shall be the duty of the city executive committee to afford opportunity for the entry of other candidates for the office involved, and should death occur more than ten days before a primary election, then said committee shall make dates entering the race, but if said death occur after ten days, then the balloting for said office shall not be at the succeeding primary election, but at such time may be fixed by said committee, and said committee shall provide for the filing of pledges."

Voters Must Qualify.

In order to be able to vote in the primary elections it is necessary that the would-be voter have his name enrolled on the club roll of his ward at least five days before the day of the primary. The voter must be a resident of South Carolina for at least two years and of the city of Anderson for at least four months before the date of the municipal general election on which will be held sometime in 1915. The city council has not set a date for the general election.

Section eight of the rules is here-with presented as information to the voters so that they might qualify:

"No person shall be allowed to vote at said primary elections who is not a member of said democratic club of the ward in which he resides, and whose name has not been enrolled on said club five days before the first election and who has not been a resident of South Carolina two years, and the city of Anderson four months immediately preceding the next general municipal election. The various lists of the clubs shall be closed five days before the first of said elections and after being inspected and certified to by the president and secretary of each club, shall be delivered to the chairman of the city executive committee, where they shall remain open to public inspection until the first election; and it shall be the duty of said committee to inspect said lists before the first election, to erase therefrom the name or names of any person or persons not entitled to vote therein, and said lists, as corrected by the committee and certified to by the chairman and secretary thereof, shall be turned over to the managers of elections of the respective wards before the opening of the polls at the first election, and shall constitute the rolling lists for said elections; provided, that no person shall be allowed to vote at said elections, even though his name appears on one of the club lists, unless such person be otherwise qualified under the law and these rules. The managers of elections shall require the following oath before permitting any to vote, namely: "I solemnly swear that I have been a resident of this state for two years and of the city of Anderson for four months and am otherwise qualified to vote at this election, and pledge myself to support the nominee of the primary."

Persons desiring to get their names on the club rolls should see the secretary of the club of their ward. The secretaries of the six wards are as follows:

- Ward 1.—C. Eugene Tribble.
- Ward 2.—Foster Fant.
- Ward 3.—J. S. Acker.
- Ward 4.—D. O. Brown.
- Ward 5.—R. R. King.
- Ward 6.—F. J. White.

## SOME SECTIONS HAD LITTLE RAIN

Anderson Visited by Slight Drizzle For a Few Minutes But Situation Is Not Yet Relieved

Several visitors in the city yesterday from various parts of the county reported that a slight rain fell about midnight but that it did not continue for long enough to do any real good. Anderson was visited by a suggestion of a rain but it was a suggestion without any materialization. The few drops fell in a half-hearted fashion and then ceased and the public felt worse than before the rain started.

One man was heard to remark that the rain smelted so sweet the blood out in it as long as it continued and would have been willing to get thoroughly wet if the rain had continued.

## RAILWAY SYSTEM HAS CHANGED MANAGEMENT

LOCAL COMPANY ASSUMES CHARGE OF CITY LINES

## BUT FEW CHANGES

Some Few Improvements Contemplated And It Is Believed City Will Profit by Move

(From Sunday's Daily.)

Effective at midnight last night the Southern Public Utilities Company of Anderson assumed the management of the street railway lines in this city, and hereafter the system will be under the direct management of the Southern Public Utilities officials. Anderson people for the most part believe that this is a splendid step and they expect that the change will result in the local system being improved.

This matter has been contemplated for some time but the details have just been worked out sufficiently to allow the formal absorption of the city lines. It seems to be the general policy of the Southern Public Utilities Co. to own and operate all of the city traction lines that have been the property of the Piedmont & Northern Railway in Charlotte, N. C., Greenville, S. C., and Anderson.

It is understood that the formal taking over in all three towns will occur at the same time.

The Southern Public Utilities Co. have bought outright all of the property necessary to the city lines and are consolidating them with their other property here in Anderson, and will operate the street car service as one of the departments of this company. The local manager, H. A. Orr, will have charge of all the property and T. F. Hill will be superintendent of the Street Railway Department.

Mr. Hill's office will be over the Southern Public Utilities Co.'s office, and the operation of the road will be from the offices of the Southern Public Utilities Co.

It is understood that several improvements in the service and equipment are contemplated, but no definite information could be given as to their plans at this time. It will be very much to the advantage of the city to have these lines under local management, as it will enable closer supervision and the offices will be in closer touch with the requirements of the city.

With the recent new work that has been done, the whole system is now in first class shape.

## THOS. N. KAY OUT FOR SUPERVISOR

Prominent Farmer From Whitefield Section Announces Candidacy—For a Clean Race

(From Sunday's Daily.) Thomas N. Kay, of Belton, route 3, announced himself in this issue as a candidate for county supervisor. Mr. Kay is a prosperous farmer of the Whitefield section, and this is the first time he has ever offered for any political office. He has many warm friends and admirers in his community and over the county who have been urging him to make the race, and he feels sure he will make it interesting for his competitors.

Mr. Kay states that he is making the race on his own merits, and that he is no coat tail swinger, and that he will be supervisor for the entire county if elected, and not of any section only. He is an advocate of good roads, but believes the roads already in existence be worked in preference to making new ones.

The office of county supervisor will be warmly contested, and there will be several aspirants. In addition to Mr. Kay, the present supervisor, J. Mack King, will stand for election and it is reported that T. M. Vandiver and Claude Martin will also be candidates.

## ATTENDANCE WAS SPLENDID HERE

Report of City Schools Made Public Yesterday Shows a Total Of 3,588 Children

(From Sunday's Daily.) Anderson is prouder of her schools than any other institution she possesses and Anderson people will be gratified to see the splendid report of the attendance during the session which closed Friday. This report was made public yesterday by Prof. E. C. McCants, superintendent of schools, and shows that during the session a grand total of 3,588 pupils attended the city schools of Anderson.

Figures for the year show that there were 1,080 boys in the school during the year and there were 1,162 girls, making a total of 2,242 for the white school. In the negro schools there were 1,246 enrolled. Of this number 541 were boys and 805 were girls. Mr. McCants says that the record made for the last term is a good one but that he expects this number to be largely increased, both in the white schools and the white schools last year.

Notice of Meeting. The following committee is requested to meet at Anderson College next Wednesday, June 3rd, at 11:00 A. M.

Mrs. C. E. Gansaway, Miss Lizette Gansaway, Mrs. E. P. Gambrell, Mrs. E. J. McGowan, Mrs. J. M. Page, Mrs. New Campbell, Mrs. W. T. Tate, Mrs. Anna Watson.

Mrs. Rufus Fant, Chairman, Committee.

## Don't Wear A Truss!

After Thirty Years' Experience I Have Produced An Appliance For Men, Women or Children That Cures Eruptive

I Send It On Trial!

If you have tried just everything else, come to me. Where others fail I have my greatest success. Send attached coupon today and I will send

The above is a true story, written by the inventor of the Appliance, who cured himself and who is now giving others the benefit of his experience. If ruptured, write him today.

you free my illustrated book on Eruptive and its cure, showing my Appliance and giving you prices and names of many people who have tried it and were cured. It gives instant relief when all else fails. Remember, I use no salves, no burning ointments. I send on trial to prove what I say is true. You are the judge and once having seen my illustrated book and read it you will be as satisfied as you can be. Fill out free coupon below and mail today. It's well worth your time whether you try my Appliance or not.

FREE INFORMATION COUPON

Mr. C. E. Brock, 2022 1/2 State St., Marshall, Mich. Please send me by mail, in plain wrapper, your illustrated book and full information about your Appliance for the cure of Eruptive.
